

# Summary of the Minutes of Bantry Town Commissioners Bantry Town Council

(August 1896 – May 2014)

Compiled by Frank O'Donovan

## **Introduction:**

I was Town Engineer in Bantry from March 1987 to May 2009. When I realised that the Town Council would cease to exist after 31 May 2014 I volunteered to do a quick summary of the Minutes of the Town Commissioners / Town Council over the 118 year lifespan. My compilation is a brief summary, from the Minutes, of the work of the public representatives. I have endeavoured, as much as possible, to use text from the Minutes and avoid colouring any part of my summary with my own impressions.

Hopefully, what follows will give the reader a flavour of events in particular times in Bantry. However, in this page I will give my impression, that standard throughout the lifetime of the Body was (1). writing / receiving several letters at meetings, (2). expressing votes of sympathy, (3). the odd skirmish with employees and officials was to be found too.

The Town Commissioners received invoices and decided at meetings how much they would pay. They often paid the supplier less than was invoiced and you will see examples later. Then in 1942 a Town Manager was appointed and amongst his executive functions was to handle payments. So from then onwards payments were no longer the duty of the Commissioners. The first Town Manager was James O'Mahony from Kilbrogan Hill, Bandon. (note: I knew him, as other Bandonians did, as Seamus O'Mahony – well really he was '*Mr O'Mahony*' to me!).

In the first 60 years or so it was amazing the number of planned meetings which did not take place because of the lack of a quorum.

I am confident that some of the officials listed in the document did not actually attend meetings. This applies in particular to Town Managers who would be covering for holiday periods, etc. and would be appointed as Town Manager for technical reasons but would not necessarily attend at a meeting or other duty. A few Town Engineers are listed who too would have covered holiday periods. The Town Clerks listed all covered a number of meetings. I think that they did use their discretion at times in their wording of minutes.

I ponder if we have a national record in Bantry? The first Town Clerk was John O'Callaghan and he served for a total of 37 years, which is a long term in itself. Then his daughter, Mary, took over and she served for 46 years, so between father and daughter they held, on a continuous basis, the position of Town Clerk for 83 years – surely a record ! I have to comment that their excellent handwriting was of enormous help to me.

Unusual that we had two Commissioners named Charles O'Donovan at the same time. Again a little later we have two named Daniel McCarthy at the same time. Finally we did have two Commissioners named Justin McCarthy, but at different times.

A few terms used are Assistant County Engineer sometimes abbreviated to ACE; Assistant County Manager abbreviated to ACM. We may read of an event being organised but the details of what it was about are sometimes not included in the Minutes.

I hope you will find at least parts of the document of interest and you will get an impression of what was happening in Bantry over the decades.

## **Summary of the history of Bantry Town Commissioners**

First elections were held on 12 August 1896.

The first meeting was held on Monday 17 August 1896 in the Grand Jury Room of the Court House, Bantry.

Commissioners elected and present were:

George William Biggs  
John Cullinane  
Daniel Donovan  
James Gilhooly  
Joseph O'Brien  
Benjamin O'Connor  
William Henry O'Sullivan  
Robert Swanton  
William Warner

Robert Swanton was moved as temporary Chairman for the purpose of electing a Chairman for the year ahead. There were two proposals for the position of Chairman, viz. William O'Sullivan and Benjamin O'Connor. On a vote Benjamin O'Connor secured the support of Commissioners Cullinane, Biggs, Warner and himself while William O'Sullivan was supported by Commissioners Swanton, O'Brien and himself. Commissioners Gilhooly and O'Donovan did not vote. Benjamin O'Connor was duly elected as the first Chairman and took the Chair.

The Commissioners decided to appoint a Clerk at their next meeting on a salary of £10 per year and the position to be advertised in the Southern Star on 22 August 1896. Further business was adjourned to the next ordinary meeting.

Meeting on 7 September 1896 and there was only one applicant for the post of Town Clerk, namely John O'Callaghan, a Law Clerk in Bantry, and he was unanimously appointed.

The Rotation list was then made out as follows: John Cullinane, Daniel Donovan, B. O'Connor, J. O'Brien, J. Gilhooly, W.H. O'Sullivan, G.W. Biggs, W Warner, Robert Swanton.

They unanimously decided to light the town, for the present with 20 oil lamps, and the Clerk was directed to get prices and ask for illustrations. The Clerk was also to communicate with the Constabulary and ascertain how the town was protected by police patrols at night. Having received prices for oil lamps then 30 oil lamps were ordered from Ms. Murphy & Co @ 17 shillings each. Messrs Biggs, Donovan and O'Sullivan were the sub committee to select sites for the lamps. John McSweeney's tender for the supply and erection of lamp posts @ 8/6 each was accepted. Also the tender of Daniel Leary for the supply and erection of brackets @ 8/0 was accepted. Daniel Collins was appointed lamp lighter @ 15/0 per week.

Other business done during 1896 included the Commissioners seeking that the tolls in the town be secured for the township.

Meetings were normally held at noon but were often adjourned in these times.

In 1897 they agreed to advertise the position of Rate Collector on a commission of 4d in the £ on amount collected and lodged. Three (3) applicants for post of Rate Collector and Timothy McCarthy was unanimously appointed.

Legal advice being sought on procedure due to the non completion of the slob enclosure and pier dredging and there was concern over the “disgraceful state of the streets”. The members complained about sheep and straw on footpaths on fair days.

No quorum was a feature even in these early days of the Body.

On 5 April 1897 they agreed to erect 49 enamelled street name plates and change the name of “The Square” to “Egerton Square”. Name plates were ordered from Messrs Murphy & Co.

In May 1897 “Mr Gilhooly gave notice to move at the next meeting to have the public Square now called Egerton Square henceforth called Wolfe Tone Square” However at the May Meeting the Chairman ruled that the resolution adopted at the meeting of 5<sup>th</sup> April 1897 should first be rescinded after proper notice.

In November Benjamin O’Connor was unanimously elected Chairman for another term.

Expenditure from 12 August 1896 to 31 December 1897 was £ 230 16s 9d.

On 6 June 1898 sympathy was expressed following the death of Commissioner Joseph O’Brien

In August 1898 Mr Donovan moved that the resolution of 5<sup>th</sup> April naming the public Square ‘Egerton Square’ be rescinded. This was defeated by majority.

The Rate Collector was directed to close his accounts, and in October they refused an increase in the Watchman’s wage from 12s “as he was not calling out the hours of night as directed”. This was increased at the December meeting to 15s  
Expenditure for year ended 1898 was £157 13s 11d.

Meeting on 23 January 1898 and James Gilhooly was unanimously elected Chairman for the coming year. Mr O’Donovan was elected Vice-Chairman. This appears to be Mr Daniel Donohue’s and Mr Michael Minehane’s first meeting. Members were:

John Cullinane  
Daniel Donovan  
James Gilhooly  
Benjamin O’Connor  
William Henry O’Sullivan  
Michael O’Driscoll  
Daniel O’Donoghue  
Michael Minehane  
John Sullivan

Mr Michael O’Driscoll moved that “the resolution of 5<sup>th</sup> April 1897 naming the public Square Egerton Square be rescinded” and it was carried by 5 votes to 2. Again in April 1899 a resolution was unanimously adopted that the Square be named Wolfe Tone Square. The Town Clerk was instructed to order new name plates for Wolfe Tone Square. Also at that meeting it was resolved to communicate with Bantry Estate requesting that a portion of the

tolls and customs collected by Bantry Estate should be applied to the town since the repaving and maintaining of the Square was paid for by the township and surrounding area. A reply from Mr Turner, Agent for Bantry estate stated that Mr Leigh White had contributed £500 towards the Square improvements and was himself a large ratepayer and so could not agree to the Commissioners request.

Audited accounts to 31 March 1899 was £ 76 5s 3d. No quorum at meetings was again common.

At a meeting on 4 December 1899 it was resolved “that the watchman be directed to call out each hour between 11pm and 5am and that the extinguishing of the lights be commenced at 2.30am in accordance with the Town Clerks instructions”.

Present at a meeting of 23 January 1900 were:

James Gilhooly (in the Chair)  
Daniel Donovan  
Daniel Donoghue  
Michael Driscoll  
Michael Minehane  
John F Lyons  
Robert Kelly  
Patrick O’Leary  
Benjamin O’Connor

Messrs Lyons, O’Leary and Kelly were newly elected.

Mr Gilhooly was unanimously elected Chairman for the year and Mr O’Donovan as Vice-Chair. The meeting adjourned as a mark of respect to the late James Cullinane.

A Resolution was passed to the Sanitary Authority for public urinals to be provided at suitable locations in town.

No quorum for a meeting was a feature in this era.

In October 1900 it was agreed that the Town Clerks salary would be increased to £15 per annum from last March.

On 3 December 1900 they resolved “that having learned that the General Prisons Board have approved of the closing of the Bantry Bridewell from 31 inst we request them to hand over the premises to the Bantry Town Commissioners for the benefit of the township and the erection thereon of a suitable Town Hall or other public building”

Expressing Messages of Sympathy was a regular part of meetings.

1901 AGM and Commissioners were:-

James Gilhooly (in the Chair)  
Daniel Donovan  
John McCarthy  
Michael Driscoll  
Michael Minehane  
John F Lyons  
Robert Kelly  
Patrick O’Leary  
Benjamin O’Connor

Daniel Donovan was elected Chairman for coming year and Michael O'Driscoll as Vice-Chairman.

The Commissioners were interested in acquiring the Bridewell from the General Prisons Board and the Commissioners were seeking terms for same.

Abstract of Accounts for y/e 31 March 1901 Expenditure £ 108 8s 0d.

In August 1901 they resolved to seek a "proper public water supply for Bantry" from the Bantry Rural District Council.

They were threatening the Rate Collector if rates were not collected.

The passing of cheques for payments to suppliers and staff was standard at meetings. The Commissioners often paid a lesser sum in full and final settlement than was invoiced by the customer. We will see examples of this later.

A meeting on 6 January 1902 where a letter dated 11 December 1901 was received from the General Prisons Board that "since the receipt of the Commissioners letter of 5 Dec the negotiations for the utilisation of the Bantry Bridewell for Government purposes unexpectedly fell through and the premises had then passed into the possession of the County Council". The Commissioners then resolved to request the County Council to lease the premises to the Commissioners at a nominal rent since the Commissioners did not have offices.

The AGM failed on 23 January 1902 and again on 3 February due to the lack of a quorum. In March 1902 Mr O'Donovan was unanimously elected Chairman and Mr O'Driscoll as Vice-Chairman.

The Rate Collector was again under fire over his collections. However in June the Rate Collector got an increase to 6d in the £ commission on lodgements. But by November of 1902 they had another swipe at the Rate Collector about arrears and also the Watchman about his calling out the hours at night.

5 January 1903: Meeting adjourned as a mark of respect to John J O'Connor (brother of Benjamin O'Connor)

At the AGM, Daniel O'Donovan was elected as Chairman and Mr Driscoll as Vice-Chairman.

And during the year the Rate Collector again under threat over his collections.

At a Special Meeting on 23 September 1903 the Commissioners unanimously approved the terms of a lease of the old Bridewell premises and vacant plot facing William Street from Cork County Council to the Bantry Town Commissioners for the term of 199 years subject to a yearly rent of £3.

In October, Mr O'Driscoll and Mr O'Connor were appointed to inspect the Bridewell premises for alterations to offices for the Town Clerk and for holding of Commissioners meetings. They were to carry out the necessary works and provide the required furniture.

Audit for y/e 31 March 1902 – total £105 15s 0d  
Comm. Patrick O’Leary is mentioned as a solicitor at this time in the Minutes.

At the December meeting the Clerk gave the required Bond in the sum of £20 and we will note below that the Local Government Auditor referred to this in his report. Also a letter was received from the Secretary, General Post Office, Dublin asking if a portion of the Bridewell property could be made available for a post office. They agreed to give a frontage of 56 feet facing the Square and the Clerk was to convey this to the GPO.

January 1904 and the AGM and adjourned monthly meeting were held on Sat 23 Jan at noon. On a vote Mr O’Donovan was elected Chairman and Mr Minehane was unanimously elected as Vice Chair.

In February five (5) Rural District Councillors were assigned to the town of Bantry forming the District Electoral Division of Bantry Urban in the Bantry Rural District. The Local Government audit report noted that there was not a Bond in place for the Town Clerk but noted one was being prepared. Also the Local Government Auditor noted that “the Rate Collector’s books were not at all satisfactory, his books had not been closed for the year that was under audit”.

In April 1904 the Commissioners recorded their “most strenuous objection to the introduction of the Cash on Delivery Post by the Post Office Authorities” It would make trading more difficult for local shops/ suppliers they claimed.

The Rate Collector was again warned this April about his collections and lodgements.

No quorum for a meeting was again a common happening.

In June 1904 they recorded their deepest sympathy on the death of fellow Commissioner, John F Lyons. In July, Daniel Lyons, brother of the late J F Lyons, was unanimously co-opted.

Audited expenditure to y/e 31 March 1904 was £133 4s 9d.

The Rate Collector was ill for the previous few months so they decided to advertise his job and his services were dispensed with. From 3 applicants for the job, on a vote by the Commissioners on Sat 22 October Daniel Linehan was appointed as Rate Collector.

It was normal to have several letters to read at meetings and votes of sympathy passed. Resolutions were frequently forwarded from other Authorities for consideration. Tenders for the supply of oil, wicks, matches, lamp chimneys were sought annually. Circulars were abundant too.

At a special meeting on Sat 3 December “it was unanimously agreed to present an address to O’Donovan Rossa on the occasion of his visit to Bantry on 4<sup>th</sup> December”. The following address was approved and directed to be ready by the Town Clerk

“Address from the Town Commissioners of Bantry to Mr Jeremiah O’Donovan Rossa on the occasion of his visit to Bantry on 4<sup>th</sup> Dec 1904.

Dear Sir, on behalf of the people of Bantry whom I represent we bid you a hearty welcome to our town, and we feel certain in so doing we are voicing the sentiments of all true nationalists in it. Your life long devotion to the cause you have at heart – the cause of your country, the sufferings you have endured in British dungeons in furtherance of that cause mark your name for a foremost place in the roll of Irishmen who fought and suffered for Ireland.

The methods of righting the wrongs of your country which led to your incarceration in British dungeons differ from the methods of today but it is now clearly admitted, and by distinguished Irishmen that it was the unselfish patriotism of you and your colleagues that cleared the way for the present constitutional movement which we trust will result in the overthrow and downfall of Landlordism in this country and the restoration of a native Parliament.

We beg to tender to you our congratulations on the excellent health you enjoy at your advanced age despite your prison treatment and the efforts of your British friends to wreck it and we hope that for many years you will be spared to serve the land you love so well, the land that gave you birth but from which you were so long an enforced exile.

Signed on behalf of the Board

Daniel Donovan Chairman

John O’Callaghan Town Clerk

AGM on 23 January 1905 – no quorum – Lyons, O’Connor and Leary attended. It was agreed “That the meeting do stand adjourned for twelve months”.

In March 1905 they decided to request the Watchman to resign as they felt he was not doing his job in watching the town satisfactorily and had not explained why he had bought so many lamp glasses. They agreed to dispense with his services in April and advertise the job. Then

Mr Collins came before the April Meeting and having heard his explanation they decided to continue his services at 14/0 per week.

Also in April 1905 there was unanimous agreement to open negotiations with the Local Government Board for the purpose of acquiring by lease or purchase the vacant portion of the Workhouse field which is not required by the Workhouse. This would be suitable for erection of artisan houses and cottages. By October they agreed to take a lease of the plot of ground from the Local Government Board and asked that the transfer be completed as soon as possible. At the same meeting they resolved to seek £2,000 from the Local Government Board to build houses on the ground and to increase their rating powers to secure the repayments.

In July 1905 the new Rate Collector, Daniel Linehan, was being threatened over his collections. Also in July they requested to be notified of all cases of obstruction on the streets and sidewalks so offenders could be prosecuted. A letter from the Watchman for an increase in wages to 18s was marked "read".

In November 1905 they agreed to ask Mr M. A. Hennessy, Architect, to survey the Workhouse field, prepare plans and specifications for the erection of 20 cottages and total cost not to exceed £2,000. For this work plus supervision he would be paid 2½%. In the event of the plans not being approved or the works proceeding he would be paid £3 3s 0d for his services.

AGM on 23 January 1906, (4 present). Daniel O'Donovan was elected Chairman and Michael O'Driscoll as Vice-Chairman.

A letter from Secretary General of the Post Office saying the costs of a new post office were high and they did not wish to stand in the way of the Commissioners disposing of the premises as they might think fit.

There was a further request to the Bantry Rural District Council to proceed with urinals as previously requested by the Commissioners.

In February and March the plans etc from Mr Hennessy, Architect, were discussed and amendments sought.

In August 1906 they resolved to apply to Local Government for an increased loan of £2,300 for the cottages. A reply was read at the Sept meeting stating that the Board was appointing an Inspector, Mr A.D. Price, to hold an inquiry on 13 September at 11.45am in the Bantry Workhouse.

Letters were being written to the Commissioners by the Watchman re damaged lamps and again the Rate collector under threat. In October the Commissioners called a Special meeting for 10 October to check the Rate Collectors list of irrecoverable rates and failed to get a quorum for the meeting (this was not uncommon)

In October the Local Government Board notified that only 10 cottages were to be built and these to face South - the plans to be amended accordingly. At their meeting of 3 December 1906, a telegram was received from Mr Hennessy saying he would forward plans by evening train.

1907, the AGM where Daniel O'Donovan was elected Chairman and Michael O'Driscoll as Vice-Chairman.

Cottage plans were again for revision in February. Mr Hennessy sought a payment of £10 on account but this was deferred until the loan was obtained.

The Lamplighter was under threat at this time. A request was sent to CIE that the train leaving Cork for Bantry at 4.15pm would instead leave at 6.00pm.

A further request for urinals in town was made and no quorum was a feature a few times.

A letter was received from the Local Government Board asking for £10 14s 6d for expenses incurred in processing the loan for the cottages. The loan was for £1,300 under the revised plans.

On 1 July it was, agreed, on a majority vote, to dispense with the services of the Watchman until 1 October; then on 1 October it was agreed that the lamplighter to light lamps without delay at 14s a week.

Again for 1908 Daniel O'Donovan was elected Chairman and Michael O'Driscoll as Vice-Chairman.

Paperwork was being exchanged with Local Government Board re loan and draft leases.

Lack of a quorum resulted in no meetings taking place for a few months as follows:

Meeting for 6 April adjourned to 13 April

No quorum on 13 Apr so meeting adjourned to 4 May

On 4 May, no quorum; adjourned to 11 May

And on 11 May – no quorum; adjourned to 18 May

18 May – no quorum – adjourned generally.

Monthly meeting of 1 June was adjourned to 8<sup>th</sup> June as there was not a quorum

On 8<sup>th</sup> June, again no quorum so adjourned to 12 June

24 July 1908 – at this meeting Mr E.D. Storer attended to outline options for electric lighting in the town. After discussion it was agreed to offer a sum of £80 a year for lighting the town. The number of lamps was not to be less than 60 and at least 20 to be arc lamps and of a substantial candle power. The Commissioners to get the necessary permission to open up the streets for laying cables and to let portion of the Bridewell premises at a reasonable rent as a power station, and not to negotiate with any other person or company for six months.

3 attempts for a meeting in Aug failed due to no quorum.

13 November 1908. The meeting recorded a vote of sympathy on the death of Daniel Joseph O'Donovan who was a member since its formation and Chairman for the past 7 years.

4 January 1909 meeting where Denis Downey was unanimously co-opted to replace Daniel Donovan

They had to renew the loan application for £1,300 for the cottages project.

Mr O'Driscoll was unanimously appointed as Chairman and Mr McCarthy as Vice-Chairman.

5 July when the Clerk directed to advertise for tenders for the erection of the labourers cottages and to advertise in Independent, Cork County Eagle and Southern Star. At the meeting on 9 August only one tender was received for the erection of the cottages from William J Kelleher, Drinan Street, Cork for £1,360 for buildings alone excluding sewerage. This was considered excessive and Clerk directed to readvertise in the Cork Examiner and Eagle and Star newspapers. In September only one tender again from Mr Kelleher for £1,350 excluding a large sum for sewerage. A subcommittee was agreed to review plans and reduce costs. In November £500 as first instalment of the loan was received for Cottages project

In December Mr Hennessy, Architect had died and a letter from M/s M.J. Horgan & Sons, Solicitors for the representatives of the late Mr Hennessy seeking payment of £31 10s 0d due to Mr Hennessy on his contract with the Commissioners was read.

On 3 January 1910 the Commissioners agreed to pay £10 to Mr James Flynn, Solr., to discharge his account for £10 9s 0d furnished.

AGM on 24 January – Chairman elected was Mr O'Driscoll, Vice-Chairman was Mr McCarthy.

At the meeting on 10 May the Clerk was directed to advertise for qualified engineers or architects to propose or amend plans for the erection of 10 labourers cottages in Bantry. On the 20 May five tenders were received. After a long discussion it was agreed to readvertise and to include the cost of each house not to exceed £110. On 6 June six Engineers had applied from Macroom, Dublin, Dublin, Timoleague, Bantry and Cork. The tender of Kearns, Roche of 70 South Mall, Cork @ 1.5% on outlay was accepted.

On 8 August the plans were returned by LGB to increase size of the bedrooms.

At the meeting on 3 October the Clerk, Mr J O'Callaghan, was directed to vacate the Bridewell. At that meeting it was resolved "that we the Town Commissioners of Bantry request our Clerk, Mr O'Callaghan, to instruct Mr J. T. Wolfe, Solrs, to recover possession of the Bridewell premises from Mr John O'Callaghan, the said Town Clerk".

A letter at the 8 November meeting from Mr Wolfe asked for the original lease of the Bridewell premises. The Clerk reported that he believed it was in the possession of the solicitor to the County Council. There were not any resolutions in the books that he was aware of but anyone could check them. Gilhooly proposed and O'Connor seconded "that we take the opinion of Mr J. T. Wolfe solicitor as to the proper legal steps to be taken to terminate the office of Mr John O'Callaghan as Clerk of this Board owing to the unsatisfactory manner in which he has discharged his duties".

On Saturday 12 November at the meeting it was unanimously agreed "that our Clerk, Mr O'Callaghan, having this day offered to pay the rent due by him for the grazing of the Workhouse field held from the Commissioners and to give up possession of the said field this evening that we accept the same and appoint Mr R. Kelly, T.C. to take over possession thereof on behalf of the Commissioners".

The Clerk undertaking to give over possession of the Bridewell premises on 5<sup>th</sup> December (the date of our next meeting) the Commissioners agreed to accept same on that date.

The Clerk was directed to have posters put up advertising the grazing of the Workhouse field from week to week. Tenders to be considered at the next meeting.

R. Kelly was seldom recorded as attending over recent years.

At the meeting of 5 December the Clerk handed over the key of the Bridewell. The proposal of Timothy McCarthy of New St to rent the Workhouse field @ 2s 4d per week was accepted.

It was also resolved that we deeply regret the death of Mr William O'Callaghan the son of our respected Town Clerk Mr O'Callaghan and tender to him and family our deepest sympathy in his great bereavement".

Meeting of the 22 December to receive proposals from Mr Patrick Nugent as to the lighting of the town by electricity. Proposals were:-

Proposal 1: 50 lights of 25 candle power each £100 and 10 lights of 100 candle power each £ 50. Total £150 a year. To be reduced when 500 lights installed in private houses by £50 a year and when 1000 such lights are installed by £100 a year.

Proposal 2: to light the town with 35 lights of 50 candle power each at cost of £105 and 5 lights of 100 candle power each at £25. Total £130

Proposal 4: to light the town with 40 lights of 25 candle power each and 10 lights of 50 candle power each at total cost of £100 a year.

Consideration of this was adjourned to the next meeting on 2 Jan 1911. However on that date there was not a quorum present.

From a meeting on 6 January we read "A bill of Denis O'Shea for 5/- for repairing a street lamp. Order that Clerk pay 4/- to discharge same"

Mr P Nugent was present and public lighting was discussed. The Commissioners agreed to pay £130 a year for 50 lamps – 10 lamps of 100 candle power, 20 lamps of 50 candle power, 20 lamps of 25 candle power each.

AGM on 23 January 1911 and Michael Driscoll was elected as Chairman and John McCarthy as Vice Chairman. On the motion of Mr O'Connor, seconded by Mr Kelly it was resolved "that we agree to the terms which we have discussed with Mr Patrick Nugent, and agreed on with him, for the public lighting of the town of Bantry at a rent of £130 a year, to be reduced to £100 a year when the gross revenue from all sources derived by Mr Nugent from electric power in the Town (exclusive of the £130 above mentioned) reaches £600. To be further reduced to £75 a year when such revenue reached £900, and to be further reduced to £50 a year when such gross revenue reaches £1,200 a year. The Town to be lighted by 50 lamps – 10 of 100 candle power each, 20 of 50 candle power each and 20 of 25 candle power each. Any additional lamps that may be required to be supplied at £2.10.0 per year for each lamp of 50 candle power. That a lease be prepared for a term of 20 years, the rent to be payable half yearly and the lease to contain penalty clauses in default of proper lighting for at least an average of six hours each night. The lamps to be put up in such positions as the Commissioners may point out" Mr J Travers Wolfe, Solrs, instructed to prepare the necessary documents.

Then on 6 February “The Clerk was directed to write to Mr Wolfe, Solicitor and ask him to forward without delay the draft contract with Mr Nugent”

On 28 February a meeting at which Mr Wolfe, solicitor for the Town Commissioners was present and also Mr Nugent and his solicitor, Mr Flynn. “The terms of arrangement re the lighting of the town and leasing of portion of Bridewell premises as a site for a Power House were discussed at length and Mr Wolfe got instructions to prepare the necessary documents and advertisements to carry out same”.

On 21 March a meeting was held at which Mr Nugent and Mr Flynn were present. Mr Flynn made several objections to the terms of agreement proposed. As matters were being discussed the meeting ended when Mr O’Leary left the meeting. Then a Special meeting on 7 Apr to discuss lighting where Mr Nugent offered to give new proposals in two weeks.

On 3 July 1911 an Agreement was signed with Mr Nugent for Electric lighting. It was signed on behalf of the Commissioners by the Chairman, Mr O’Driscoll, Mr Gilhooly and Mr O’Connor. Mr Nugent also signed and the signatures were witnesses by the Clerk and by Mr James Flynn, Solicitor for Mr Nugent.

The Commissioners decided to advertise portion of the Bridewell premises facing Wolfe Tone Square of depth 60 feet. Applicants were invited to apply stating rent per foot frontage they would pay. Henry Breen offered 8s per foot frontage per year and he required about 26 feet on a lease of at least 160 years. His offer was accepted.

Again failure of a quorum for meetings was noted.

In September they decided to advertise for tenders for building artisan houses and consider them at the next meeting. In October two tenders were received for building artisan dwellings, viz. W. J. Murphy & Sons, New St, Bantry for £1,480 0s 0d and Messrs Barrett Bros, Magazine Rd, Cork for £1,294 0s 0d. The latter was accepted subject to any of the joinery not being imported and they employ local trade and labour.

Patrick Sullivan was directed to have the store in Main St repaired and painted and to provide a new lock with 6 keys for same and to remove the fire hose into the store.

23 January 1912 at the AGM Michael O’Driscoll was unanimously elected as Chairman and John McCarthy as Vice Chairman. Also present:
